RUSSIA AND JAPAN.

Frank R. Robertson to Give Illustrated Lecture on Subject.

Frank R. Robertson will give an illustrated lecture on Russia and Japan in the opera house Nov. 1, 1904. Of Russia you will see the grandeur of St. Petersburg, its palaces, parks, residence of the Czar, etc.; of Moscow you will gain an idea of its odd architecture, its antiquity, and its history. Bits of Siberia, descriptions of men, women and peasantry. Of Japan, the flower garden of the world, the beauty of the kingdom will be beautifully portrayed. You will see the architecture, hear its history, and hear of its people.

You will hear a clear statement of the vital issues at stake in the present war. Russia is fighting for the accomplishment of what she regards as her imperial destiny, for her commerce, her prestige, and her standing as a great oriental power. Japan, on the other hand, is battling for something still more vital—for her existence as an independent nation.

Plan to Outwit Boll Weevil.

Nitrate of soda, which comes in quantities from the beds in the Andes, in Chile, is the latest cure suggested for the boll weevil, says a New Orleans dispatch to the New York Tribune. The plan is to use it to stimulate the growth of the cotton plant and, by rushing it ahead about two weeks in its growth, outwit the insect. The increased strength of the plant will, it is believed, overcome the action of the insect and give an earlier crop.

Building a Lighthouse.

A lighthouse is being built on Mile rock, at the entrance of San Francisco harbor. Work can be done only at extreme low water and in calm weather. The schooner employed in the work cannot get nearer to the rock than forty feet, and men and material are put upon it by means of long booms.

Why Men Grow Weak

It Is Due to a Wasting of the Most Vital Elements, Which Destroys the Whole of the Bodily Forces.

It makes young men feel old and it cuts off the usefulness of middle-aged and old men long before their allotted time, resulting in premature decline and decay. It robs the blood of all its richness, exhausts the body of its animating powers, and saps the very life itself from the brain and nerve centers. Dr. Chase's Blood and Nerve Food acts at once upon this impoverished condition of the blood, brain and nerve forces, stopping the drain and replacing the run down and worn out tissues with the same material that has been wasted. It fills the shriveled arteries with pure, rich blood, which increases the weight in sound, healthy flesh and muscles, that give you strength, and the brain and nerves with fresh, vital fluid, that forces new life and vigor into every portion of the body, building up the entire system and transforming the sufferer into a type of perfect manhood. Weigh yourself before taking it. Price 50 cents. Book free.

Sold and guaranteed by E. A. Drown.
